Which of the behaviors described above behaviors occurring before problem behavior see behaviors occurring in a sequence occur.	aviors occur? Do all of the behaviors o	ccur about the same time? If

AVIORS. Physiological Setting Events	
Is the person taking any medications that may have a	an effect on the person's behavior?
Does the person have medical or physical problems intestinal problems, allergies, ear or sinus infections	
Does the person have normal sleeping patterns or do	pes he or she have any problems getting enough rest
each night?	
Are there any dietary or eating problems that might	have an impact on problem behavior?
Environmental & Social Setting Events	
Make a list of the activities where the person is succ Include the times when these activities occur.	essful and does not engage in problem behavior.
Successful Activities	Problematic Activities
Are the activities on the daily schedule predictable fafter one activity ends and the next begins? Is it cleaned for how long?	

DESCRIBE ANY SETTING EVENTS THAT YOU THINK ARE ASSOCIATED WITH A HIGHER LIKELIHOOD OF PROBLEM

be able to engage in fun and reinforcing events	e activities that she will be experiencing and when she will s?
Are there usually a lot of people around at homembers or roommates)? How does the person	me, school, or work (including staff, classmates, family n respond to crowded or noisy settings?
	t home, school, work, and other settings? Do you believe taff, level of family support, staff or family training needs, or e related to the person's problem behaviors?
occur.	hat predict when the behaviors are likely and not likely to
Most Likely	Less Likely
Times that are most and lea	ast likely to trigger problem behavior
Most Likely	Less Likely

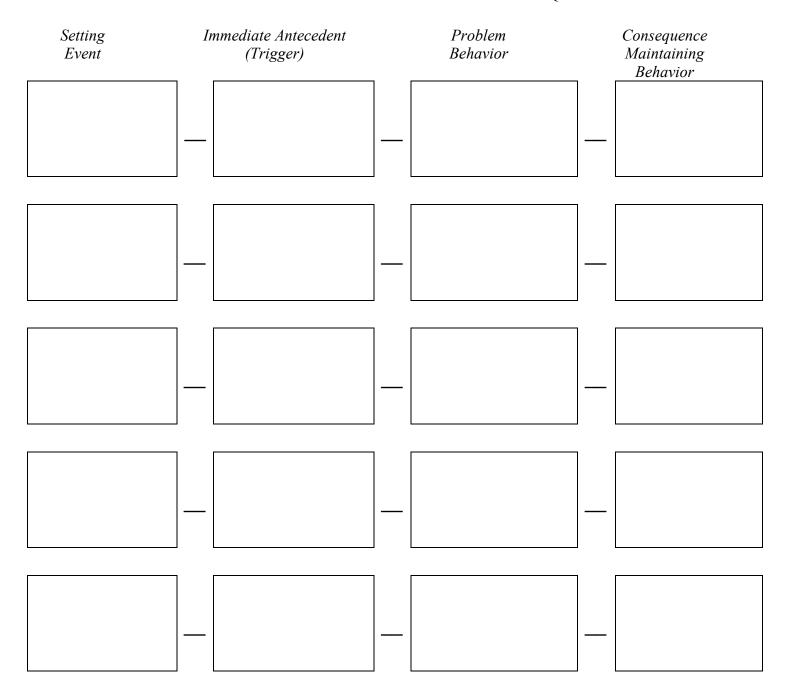

People who are most and least lik	ely to trigger problem behavior
Most Likely	Less Likely
Activities that are most and least	likely to trigger problem behavior
Most Likely	Less Likely
include a certain tone of voice (authoritarian, aloof, (e.g. "no, that's not right, do it again.")	overly concerned, etc), particular words or phrases
Briefly describe what the person would do in the following The person is asked to complete a difficult task.	lowing situations.
The person is asked to complete a difficult task.	
A highly preferred activity naturally ends or is int	errupted.
There is a sudden and unexpected change in the p	erson's daily schedule.
A preferred item or activity is visible but the person	
	on needs assistance to obtain it.
	on needs assistance to obtain it.

the person obtain? escape or avoid?
